FOR IMMEDIATE RELEASE

MicroCorp, Inc. selected as a PHONE+ Top 50 Channel Program

PHOENIX -- December 15th 2007 -- PHONE+ magazine, a monthly publication of Virgo Publishing LLC for the telecommunications indirect sales channel, is pleased to announce that MicroCorp, Inc. has been selected as one of its Top 50 Channel Programs. The results of this contest are published in the magazine's first-ever Channel Program Guide special issue, available now at www.phoneplusmag.com/ebooks.

PHONE+ is very proud to honor MicroCorp, Inc. and the Top 50 Channel Program winners. MicroCorp, Inc. was selected among hundreds of companies that submitted their channel program details in hopes of being recognized as a Top 50 Channel Program. Voted on by indirect sales partners, the winners represent communications suppliers -- carriers, resellers, master agents and manufacturers -- who provide their agents with that extra something -- extra attention, rapid quotes, sales training or special promotions -- that makes agents want to do business with them.

"PHONE+ is honored to bestow special recognition upon these standouts. Their support for the indirect channel, and gains in the telecom industry overall, are much appreciated and lauded," said Mike Saxby, group publisher for PHONE+.

In addition to recognizing the Top 50 Channel Programs, the PHONE+ Channel Program Guide special issue features the Top 15 Channel Managers and includes articles that focus on the key traits of a successful channel program and master agency, how to sustain a healthy partner relationship, and the anatomy of an agent agreement. For more information, visit www.phoneplusmag.com.

About MicroCorp, Inc

MicroCorp Inc, is one of the nations leading Telecom Master Agencies that supports and manages over 1,000 employees, agents and VARS nationwide. MicroCorp maintains carrier agreements with over 30 vendors and supports its business via an internally developed web based application called Nautilus. MicroCorp recently launched Insite which is an

integrated module of Nautilus that allows end customer to login and manage all their Carrier Services and Equipment Assets in a collaborative environment. MicroCorp is a Graduate Member of the Advanced Technology Development Center at Georgia Tech and serves on the advisory board of several telecommunication carriers. For more information about MicroCorp, please visit www.microcorp.com.

About Virgo Publishing

Virgo Publishing is a dynamic information services company specializing in communications through print and electronic media, trade shows and special events, education and training, and value-added business services. In general, each print magazine serves as a platform to create communities through the integration of publishing, events and the Web. For information, visit www.vpico.com.

About PHONE+

PHONE+ magazine is the country's leading publication for communication distribution channels. For more than two decades, PHONE+ has been the undisputed leader in providing news and analysis to alternate distribution channels serving the communications industry. It is the unrivaled resource for resellers, aggregators, agents, brokers, VARs, systems integrators, interconnects and dealers that provide network-based communications and computing services and associated CPE, applications and professional services.

PHONE+ has a companion Web site, www.phoneplusmag.com; a weekly newsletter, PHONE+Line; an annual buyer's guide; an annual Source Book and an annual Channel Program Guide; and it hosts regular Webinars.

It also hosts the Channel Partners Conference & Expo, the industry's only event exclusively for the channel. The spring conference is set for March 10-12 at the Rio All-Suites Hotel & Casino in Las Vegas. For more information, visit www.channelpartnersconference.com.
