Our Solutions

MicroCorp is the premier distributor of telecom and cloud services and solutions.

Network Service

The need for increased bandwidth continues to go up exponentially year-by-year. Drivers can range from a need to access cloud services to an increasingly distributed workforce. Whatever the cause, a well-designed and operated network is a vital part of any IT solution.

Unified Communications as a Service (UCaaS)

Unified Communications solutions represent the next big leap in productivity gains and competitive advantages through improved decision making and problem solving.

Cloud Elements

MicroCorp has earned a reputation for innovation. Cloud Elements continues this legacy at a time when partners need an unprecedented level of guidance. We provide access to services and help you identify a cohesive solution strategy.

In Partnership with Industry Leaders

We are team focused on the success of everyone in the MicroCorp system. The People Powered Network™ connects every dot between our partners and the most extensive, stable portfolio of premium carrier and cloud solution providers in the industry.

MicroCorp is the premier distributor of telecom and cloud solutions. Since 1986, people have been our driving force. Our dedicated, tenured team of specialists connects a powerful national network of Agent and VAR partners and more than 50 premier telecom and cloud solutions providers. Offering our powerful back office portal, Nautilus, MicroCorp supplies the engine for sustained growth and success. For more information, please visit www.microcorp.com.
